

# - Rally to Save NY from FERC -

FERC has approved many fossil-fuel projects in NY and wants to rubber-stamp more. The NYS DEC has the power to stop one of these projects right now: the "Constitution" Pipeline—but only if it denies the project's Water Quality Certificate by the end of April. Come to Albany and ask Governor Cuomo to stop the invasion of these ruinous pipelines, compressor stations, and gas-fired power plants in our communities!

**April 5**  
11:30 am - 2:30 pm  
East Capitol Park, Albany, NY  
March to DEC headquarters  
Please wear blue clothing  
In case of rain:  
Million Dollar Staircase, inside Capitol Building
